

HP Healthcare Edition Products

Nondiagnostic medical
imagery / DICOM

Safer, smarter, and secured for healthcare¹

Enhance the connection between care providers and patients while optimizing clinical workflows with the HP Healthcare Edition PCs and display built for easy, repeatable sanitization and with expanded security measures, single sign-on authentication support, and collaboration tools for telemedicine.^{2,3}

Patient safety first

Be ready for the next patient or user with Healthcare Edition PCs and a clinical review display that are sanitizable with germicidal wipes every shift, every day, and EMI certified so you can use them in patient rooms and nurses' stations.^{4,5}

Security where it matters most

Deliver device and data protection at the highest level and support HIPAA requirements with HP's most secure and manageable all-in-one and ultra-slim notebook for healthcare. Each has built-in BIOS-level protection and robust, optional multi-factor authentication features.⁶

Streamline daily healthcare tasks with smarter hardware

Simplify logins and telemedicine with the HP Healthcare Edition PCs and clinical review display that have authentication and collaboration tools—no external tethered devices required. Integrated features include a FIPS-201 compliant fingerprint reader, IR camera, Skype for Business® certification, and dual-band RFID reader with integrated single-sign-on support for Imprivata, Caradigm, and Healthcast.^{7,8} All HP Healthcare Edition Products are Vidyo-ready.⁹

HP EliteOne 800 G4 Healthcare Edition All-in-One PC

Optimize clinical workflows with the HP EliteOne 800 G4 23.8" Healthcare Edition All-in-One PC. It's engineered for easy, repeatable sanitization and enhanced with optional integrated authentication features and collaboration tools for telemedicine.^{2,3,4}

Key features

- 8th gen Intel® Core™ processors¹⁰
- 23.8" diagonal FHD display¹³
- Easily sanitizable with germicidal wipes⁴
- EN 60601-1-2: 2015 certified for EMI safety⁵
- Vidyo-ready⁹
- Skype for Business® certified
- Supports Imprivata, Caradigm, and Healthcast⁸
- HP Sure Start Gen4 BIOS security protection¹¹
- HP Sure Run app security protection¹²
- Optional FIPS-compliant fingerprint reader

HP EliteBook 840 G5 Healthcare Edition Notebook

Enhance patient care with the HP EliteBook 840 G5 Healthcare Edition Notebook, built for easy, repeatable sanitization and with expanded security measures, single-sign-on authentication support, and collaboration tools for telemedicine.^{2,3,4}

Key features

- 8th gen Intel® Core™ processors¹⁰
- Easily sanitizable with germicidal wipes⁴
- EN 60601-1-2: 2015 certified for EMI safety⁵
- Vidyo-ready⁹
- Skype for Business® certified with HP Premium Collaboration Keyboard
- Supports Imprivata, Caradigm, and Healthcast⁸
- HP Sure View Gen2 built-in privacy screen
- HP Sure Start Gen4 BIOS security protection¹¹
- HP Sure Run app security protection¹²
- Optional FIPS-compliant fingerprint reader

HP Healthcare Edition HC270cr 27" Display

Deploy a display designed specifically for clinicians with the HP Healthcare Edition HC270cr. It's built for easy, repeatable sanitization, DICOM Part 14 compliant for viewing medical images, and enhanced with single sign-on authentication support and collaboration tools for telemedicine.^{2,3,4}

Key features

- 27" diagonal 3.7MP display
- Easily sanitizable with germicidal wipes⁴
- IEC 60601-1-2: 2015 certified for EMI safety⁵
- Integrated dual-band RFID reader
- Integrated RGB webcam and IR sensor
- Supports Imprivata, Caradigm, and Healthcast⁸
- Skype for Business® certified and Vidyo-ready⁹
- USB-C™ ports reduce cable clutter
